THE ALL-NEW LIBERTY

FORWARD LOOKING. FORWARD MOVING. The Liberty offers more control, more style, and more accessories! With four forward-facing seats, the Liberty was designed to have more capabilities than other golf carts. With the hitch mounted accessories, expand your vehicle and get ready to explore.

Quickly install these accessories using the stainless steel accessory mounting bracket.

HITCH OPTIONS

FITS UP TO FOUR
BEACH CHAIRS.

HOLDS UP TO FOUR
GOLF BAGS.

EASY ACCESS

ACCESS EACH GOLF
BAG WITHOUT
INTERFERENCE.

EXPANDED STORAGE

LOCKABLE TRUNK.

BENEATH THE
FLOORBOARD.

CARGO RACK

Hitch mounted cargo rack with the ability to hold a loaded 55 quart cooler.

FITS: 2022 LIBERTY

10023031

CHARGER

FITS: 2022 LIBERTY

10009053G01

REAR TRUNK

Lockable trunk provides a clean, sealed area for items out the rear area. Tight seal around the edge prevents water from entering, keeping any stored belongings dry. Locking latch keeps items safe and secure.

FITS: 2022 LIBERTY

10031460

4 BAG ATTACHMENT

Stainless steel hitch mounted golf bag holder allows riders to easily transport up to 4 golf bags. Allows for easy access to each golf bag with no interference. Golf bag straps are the same as fleet straps and ensure golf bags will stay in place.

EFFORTLESS INSTALLATION
 Unlike other enclosures on the market, the over-the-canopy design allows for quick and easy installation

EASY ACCESS
 Zippered doors provide easy access to get in and out of the vehicle.

TAILOR MADE
 Custom made for each E-Z-GO Express model with adjustable low profile bungee hooks for a perfect fit.

IMPROVED FEATURES
 The new enclosure features a front panel that cinches around the Express windshield to prevent air gaps. It also has roll up panels for airflow on warm days.

4" SPEAKERS WITH BULLET ENCLOSURES BY KICKER

Enjoy big sound without sacrificing interior space and stand out from the rest. The 4" Kicker speakers easily fit into 90 degree axis rotating enclosures that can be mounted to struts and can broadcast your favorite music loud and clear.

FITS: UNIVERSAL
750555PKG

KICKER BLUETOOTH & SPEAKER

High quality sound with ease of Bluetooth connectivity. Weather-resistant 2-channel amplifier with A2DP Bluetooth connection. Peak Power handling: 150 watts. Includes: Bluetooth amplifier, 2-6" speakers, 2 white interchangeable faceplates and RXV Speaker Pods.

FITS: UNIVERSAL
627388

HIT THE TRAIL

LET YOUR PASSION FOR THE OUTDOORS FUEL THE LOOK OF YOUR GOLF CART. E-Z-GO ACCESSORIES CAN CONVERT ANY VEHICLE INTO A TRAIL MACHINE THAT IS TOUGH ENOUGH TO WITHSTAND ANY TERRAIN.

BAZOOKA SOUND BAR

450w peak power integrated amplifier. Bluetooth capable. Fully customizable wireless remote control. Integrated RGB LED light bar. 8 marine-grade speakers with 2 end loaded woofers. 4 mid-range speakers. 2 front firing tweeters. Water resistant auxiliary output.

PF11272PKG - KIT
PF11259 - SOUND BAR ONLY

30" SINGLE ROW LED LIGHT BAR

Ideal for outdoor activities such as hunting, camping and trail riding. Durable die cast aluminum frame. Includes white LED bulbs for bright and energy efficient lighting. Flood light and spot beam capable. 4536 lumens; 6.75 amp draw. Includes 30" light bar, instructions, mounting bracket and mounting bracket hardware.

PF11414

4" DUAL ROW LED LIGHT BAR

Specifically for spot beam use. 1260 lumens; 1.5 amp draw. White LED bulbs for bright and energy efficient lighting. Includes (1) 4" light bar, instructions, mounting bracket and mounting bracket hardware.

PF11416

DC/DC CONVERTER

Provides excellent battery protection and converts your 24-, 36- or 48-volt batteries to 12 volts. This is required for many vehicle accessories and electronic devices.

605967 - 24V/72V DC/DC CONVERTER
632185 - 36V/48V DC/DC CONVERTER

- 3. ORDER 16 LUG NUTS. CENTER CAPS ARE INCLUDED.**

A close-up, high-angle photograph of a tire tread pattern. The tread features a series of parallel, slightly curved longitudinal ridges with small, sharp sipes between them. The tire is mounted on a dark, multi-spoke alloy wheel. The background is a blurred, light-colored gravel surface. The overall lighting is dramatic, with strong highlights and deep shadows.

HOW TO READ YOUR TIRE

Alpha Numeric & P-Metric Style Tire Sizes

A **B** **C**

205 / 65 - 10

A Tire Width (205) - Width of the tire measured in millimeters from sidewall to sidewall.

B Aspect Ratio (65) - Ratio of the height of the tire's side to its width.

C Wheel Diameter (10) - Distance between the vertical portion of the rim flange. The rim diameter is normally measured in inches.

A **B** **C**

21 X 10.5 - 12

A Overall Tire Height (21) - Overall Tire Height is always the first number and is tire height when inflated.

B Tire Width (10.5) - Distance between the widest part of the tire when inflated and not under any weight.

C Rim Diameter (12) - Distance between the vertical portion of the rim flange. The rim diameter is normally measured in inches.

TIRE BUYER TERMS

Here are some common terms that will help with your tire buying decision.

TREAD DEPTH

The measurement of the bottom of the deepest groove to the top of the tire tread refers to tread depth.

Trail Tires:

- Thicker tread
- Added traction

Street Tires:

- Low-impact treads
- No grass damage

PLY

The tire ply refers to the thickness of the rubber and also shows the weight that can be carried by your tire.

Most of our tires are 4 ply which allows them to be used for:

- Utility Work
- Neighborhood Drives
- Off-Roading
- Golfing

PROFILE

The profile of a tire is the measurement of the tire's section height.

Our Low Profile tires:

- Better handling at higher speeds
- More traction for better control

Our High Profile tires:

- Better stopping power
- Increase ride height

CHOOSING

**BETTER
PERFORMANCE.**

**BETTER
HANDLING.**

**NO MATTER THE
WEATHER
CONDITIONS.**

DIRECTIONAL

E-Z-GO Directional Tires, such as the Backlash tire, are designed with lateral grooves that create tires with a V-shaped tread pattern. This construction leads to better handling while driving, especially through wet conditions.

YOUR TIRE

Knowing if your tire is directional or non-directional will affect the way that your tire is mounted on your golf car.

QUIETER DRIVE.

**SYMMETRICAL
TREAD.**

**LONGER
LASTING.**

EASY MOUNTING.

NON-DIRECTIONAL

E-Z-GO Non-Directional Tires can be mounted and rotated amongst all four sides of the vehicle. With the ease of rotation, E-Z-GO Non-Directional Tires are known to outlast other tire tread options.

PF11343- ULTIMATE LIFT KIT FOR GAS & ELECTRIC RXV

RXV 2014-CURRENT

PF11705- ULTIMATE LIFT KIT FOR GAS & ELECTRIC RXV

Lift kits are one of the most popular accessories on the market, especially when they are paired with E-Z-GO tires and wheels! Our lift kits have easy bolt-on installation that do not need cutting or welding. The steel constructed kits lift the front and rear of your E-Z-GO for added ground clearance.

RADIAL TIRES VS BIAS PLY TIRES

Radial and bias tires refer to the methods of which your tire was constructed. Both radial tires and bias tires are offered by E-Z-GO.

·LESS VIBRATION

·GENERATES LESS HEAT

·GREAT RESPONSE TO IMPACT

·FLEXIBILITY

RADIAL

A radial tire will give you a smooth ride not effected by any obstacles on the road. The composition of the radial tires leads to a more flexible, strong tire that absorbs shocks, bumps and impacts as you drive.

BIAS

Bias tires are known for their ability to achieve a superior ride comfort while still tackling the rough paths that your golf cart might take. The construction of this tire leads to thicker sidewalls that add less cut resistance to your tire while offering better ride stability.

·RIDE STABILITY

·GREAT CUT/PUNCTURE RESISTANCE

·THICKER SIDEWALLS

·LESS EXPENSIVE
